Dr Michael Rooney
Shaw Heath Health Centre
Gilmore Street
Stockport
SK3 8DN

Dear Dr Rooney,

I wish to express my grateful thanks for the excellent care and support Geoff and I have received from you.

As you know, Geoff and yourself go back a long way and over the last twenty years Geoff always had a high regard for the work you did, he had a lot of respect for you professionally and also was pleased that you were able to develop a friendship. I am confident that Geoff felt reassured that you were with him during his final days and it also meant a great deal to me personally to know that you were able to offer such care and support in a time when myself and my family needed it.

I shall be writing to Annabelle separately to thank her particularly for the care and support she gave us, but I would also like you to pass on to all your team including Dr Patel and Dr Stirling my sincere thanks and gratitude. Everyone within your practice was always kind and supportive from the moment I picked up the phone to collecting prescriptions, and arranging for yourself and your colleagues to visit.

I really appreciate everything that was done for us both and would be very grateful if you would pass on my thanks to everyone and share this letter with all your team.

Yours sincerely

Megan [REDACTED]
